## AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

DO NOT ENTER: /O.O./

## LISTING OF CLAIMS:

rontly amended) A silicon containing curing

1. (currently amended) A silicon containing curing
composition comprising:

at least one silicon containing polymer selected from the group consisting of: component (A), component (B), and component (C), provided that the composition contains both the components (A) and (B) when the component (C) is absent; and

component (D) being a catalyst,

wherein,

component (A) is a silicon containing polymer, which comprises:

at least one kind of a reactive group A' selected from the group consisting of  $Si-R^1$ ,  $Si-O-R^2$ , and  $Si-R^3-OCOC(R^4)=CH_2$ , wherein  $R^1$  and  $R^2$  each represent an alkenyl group having 2 to 20 carbon atoms which may contain an alkylene group and/or an arylene group,  $R^3$  represents an alkylene group having 1 to 9 carbon atoms and/or an arylene group, and  $R^4$  represents hydrogen or a methyl group,

an Si-O-Si bridge structure at at least one site thereof, and
